PROJECTS

Kids Meal Deals, LLC.

KidsMealDeals.com was built in PHP on CodeIgniter with a MySQL database. The iOS app is natively written in Objective-C. KMD Drives between 30,000-60,000 unique visitors to our network of kids eat free websites each month. Our recent iOS Mobile app brings in 100+ new users a day with a daily active user count of 700. "Kids Eat Free" app on iOS Store.

OC Game Studio

OC Game Studio is a company I co-founded with some like minded individuals. We developed and released its first PC title in November of 2016 on Steam "Sphere Complex". OC Game Studio continues to work on games and expanding into virtual reality.

Columbus Ohio Unreal Engine Meetup

I host a meetup.com group for Unreal Engine developers in Columbus. We regularly meetup to discuss the latest technologies and development in the gaming and software industry. The group is sponsored by Epic Games (The developers of Unreal Engine).
